Dear Mr. Finley:

Recently, I was informed by Peter Stannick of an internship possibility. I would be interested in an internship in the accounting department during summer 2004. RCC has one of the most efficient accounting departments in the area and I know that interning in this work environment would further develop my skills and talents.

On my résumé you will see that I have held two different positions in NDSU organizations and maintain a strong grade point average. This reflects my determination and will to work hard. While serving as an Accounting Club Public Relation officer during the 2003 fall semester I implemented new ideas to improve freshman recruitment. This included going to lower level accounting classes and giving short presentations about the club along with gathering email address's of interested students. This way I was able to keep in contact and inform potential members and increase our freshman recruitment by 30%. I am confident that if I intern in the accounting department that I will apply myself to serve the corporation to the best of my ability while building my knowledge along the way.

Enclosed is my résumé for your consideration. I would appreciate the chance to meet with you and discuss the summer internship further. You may contact me at (701) 282-6550 or by email at Holmey21@hotmail.com for any additional information. Thank you for your time and consideration.

Sincerely,

Holly Meyer
